Version: 1.0

Status: Ready for Execution

EXECUTIVE SUMMARY

Revenue Goal: \$1,000,000+ ARR within 24 months

30-Second Snapshot:

- **Target Market:** 2,000 sterile processing training programs in the US with 50,000 new students annually
- **Product Advantage:** SpeedGrader saves teachers 50% grading time vs. Canvas/Blackboard
- **Revenue Model:** 3-tier strategy targeting private classes (\$10K/year), community colleges (\$15K-50K/year), and universities (\$75K-300K/year)
- **Year 1 Target:** \$250K-500K ARR from 35 customers
- **Year 2 Target:** \$1M-2M ARR from 65 customers
- **Path to \$1M:** 20 Tier 1 customers (\$200K) + 15 Tier 2 customers (\$525K) + 3 Tier 3 customers (\$300K) = \$1.025M ARR
- **Key Advantage:** Only LMS built specifically for sterile processing education with domain-specific features
- **Initial Capital:** Bootstrap with customer revenue; optional \$1M-2M seed round at \$500K ARR
- **Time to First Customer:** Target December 2025 (4 weeks)

Critical Metrics:

- Average Contract Value: \$15K-25K
- Customer Acquisition Cost: <\$2K
- Sales Cycle: 2-4 weeks (Tier 1), 1-3 months (Tier 2), 3-9 months (Tier 3)
- Target Customer Retention: >95%
- Payback Period: <6 months

MARKET ANALYSIS

Total Addressable Market

Sterile Processing Technician Market:

- Prove business model works
- Reach \$500K ARR before considering fundraising

Optional Fundraising:

- Target: \$1M-2M seed round at \$250K-500K ARR
- Valuation: \$5M-10M at \$500K ARR (10-20x multiple)
- Use for: Sales team expansion, marketing, product development
- Investors: EdTech VCs, healthcare VCs, angel investors

RISK MITIGATION

Key Risks & Solutions

Risk 1: Low Market Awareness

- Mitigation: Heavy content marketing, partnerships with certification orgs, conference presence, testimonials

Risk 2: Long Sales Cycles

- Mitigation: Start with Tier 1 (faster cycles), offer free trials, build urgency with limited-time discounts

Risk 3: Product Not Sticky

- Mitigation: Track usage metrics closely, proactive customer success outreach, regular feature updates

Risk 4: Price Objections

- Mitigation: Show ROI calculator (time saved), offer payment plans, compare to expensive alternatives

Risk 5: Technical Issues

- Mitigation: 99.9% uptime SLA, 24/7 monitoring, quick bug fixes, transparent status page

Risk 6: Competition from Canvas

- Mitigation: Emphasize niche focus, show feature comparison, highlight SpeedGrader advantage, win on customer service
